A Penrhyn Stanslaw Production.
Paramount Picture

WHEN?
July, 19th.

WHERE?
At Strathmore.

WHAT?
The Stampede.

A big day of Western Sports. Look out for posters and further particulars.

Dr. L. G. ROBINSON
Dentist.

Graduated McGill University, intends to commence practice at Strathmore about July 1st, and will be permanently resident.

AMING EVENTS

Antlion Ladies' Guild will hold a Tea and Party-Sale from 2 to 8 p.m. on Saturday, June 23rd.

The regular meeting of the Strathmore U.F.W.A. will be held at the home of Mrs. W. A. Froehner on Wednesday, June 27th, when we will have the pleasure of an address from Mrs. Horne, of Ardenode.

MENTISTRY—Dr. A. C. Stevens, of Calgary, a recent graduate of the University of Toronto, will be in town on Friday and Saturday, June 22nd and 23rd, and at Strathmore on Monday, Tuesday, and Wednesday, June 25th, 26th, 27th.

INTER-PROVINCIAL TELEPHONE SERVICE

Arrangements are being completed through the telephone departments of the three prairie provincial governments for the establishment of through-line inter-provincial telephone service to most points in the three provinces.

Govt. Crop Report

Issued by Department of Agriculture.

Generally speaking, the crop situation in Alberta at present date, is more encouraging than in any year since 1915. Practically without exception, all districts report splendid prospects within the next two weeks and there has been a generous supply of moisture over the entire province. Precipitation has ranged from one and a half to two and a half inches since June 1. In the various districts, with nearly five inches recorded at Calgary. The rains have been accompanied by excellent growing weather. All grains as a result, are showing a healthy, vigorous growth. The wheat now reached a height of from six to ten inches, and in some cases twelve and fourteen inches, and is in the short blade in one or two districts. Oats and barley are also growing in good condition. Rye is heading out, but will be a light crop. Alfalfa is about ready for the first harvesting in the southern districts, and has a very healthy appearance.

The heavy rains commenced between two and three weeks ago, first in the southwestern district, and later in other sections of the province. Districts which a week ago had not then participated in the general precipitation, now report splendid rainfalls, and the grain growing vigorously.

As a result of the extraordinary rains, larger areas have been sown to grain, and the total area in crop in the province, will now exceed that of last year by approximately ten per cent.

Summerfalling is now in progress, although the area will not be great. Prairie grass is more luxuriant than for some years, and livestock is in excellent condition.

Grasshoppers

The serious infestation of grasshoppers this year is confined to the areas in the eastern half of the province from the international border to as far north as Edmonton. There is no report of a serious infestation in the Grande Prairie district. So far as other districts are concerned, the infestation is not serious so far as last year, and although some poisoning has been done, it has not been necessary on anything like the scale of last season. The campaign in the seriously infested areas is well under way, and vigorous steps are being taken to combat the pest.

A few isolated reports of damage from cutworms have been received. Caterpillars are reported in great numbers in the northern part of the province, but are not a menace to crops, their damage being confined to foliage, chiefly to poplar trees.

Elwood News

Mr. and Mrs. L. F. Pinkerton, and Mildred moved to Calgary on Monday, and attended a meeting of the Eastern Star. The Klugean Chapter, being entertained by the Calgary Chapter.

Mr. and Mrs. Thorsen returned from a short visit in the States.

Elwood's new mail service is working all right.

An old Ford, a little used, is a great help toward the fifty thousand mark.

Our friend Mickle has the rest of our young folks beat a mile.

The C.P.R. seem to be short of water this year in this district.

L. F. Pinkerton attended a lodge meeting in Strathmore on Thursday night.

Miss Laura Bellard, C. P. Ballard and Wm. Pinkerton, were callers at L. F. Pinkerton's Sunday night and Monday.

Everyone is busy sunbathing these days and watching the grain grow.

Strathmore Stampede

Everything is going along swimmingly in connection with the arrangements for the big stampede to be staged in Strathmore on Peace Day, July 19. It is to be the biggest thing in the sport line ever attempted here, and already over \$500 has been collected to meet the initial expenses and guarantee the prize money.

The various committees appointed recently have been getting down to work, and the race track has now been graded and levelled.

Pete Nishimaki is the secretary, and Fred Colt the stampede manager, and information regarding the stampede can be obtained from them, but any way the details of the prize list will be published shortly, so hold your horses.

KILLED IN MANITOBA AUTO ACCIDENT

Edward A. Hume was killed on Sunday near St. Francis Xavier, Man. when a racing automobile, which he was a passenger, threw him during a last lap race.

"Ted" as he was familiarly known, was to Strathmore district with his parents, Mr. and Mrs. J. Harwood, at an early age, he being the eldest son, and at the time of his death was 29 years of age. He went overseas during the war, and since then has been engaged in electrical engineering at Winnipeg. His wife and little daughter were located in Detroit at the time of the accident.

Mr. Smith has wired to have the body shipped to Strathmore for interment.

Ted was a very likeable boy, and much respect was expressed at his untimely death, and sympathy expressed with his mother, Mrs. Smith, and the family in their bereavement.

Namaka News

Mr. M. J. Sim, of Vancouver, has been spending a vacation with Mrs. J. B. Sim.

Mrs. J. W. McIntosh is visiting her brother in Saskatchewan.

Mr. Sim and Margaret are spending a few days at Margo, Sask.

Mrs. Hinchliff spent the week end at the home of Mrs. G. L. Peterson.

Mrs. Myrtle Shoobles is on a visit at Harry's ranch.

Dr. Giffen shipped a purchased horse out to Brooks on Monday.

HORSE MALTREATED

Friday was an unhappy day for R. F. ("Happy") Day, who was charged before two justices, Messrs Lang and Vickers, at Strathmore, with maltreating a black gelding, the property of Sam Richardson, by dragging it along the highway, near Sam's residence. It was charged that the animal was dragged along the road for a considerable distance with a log chain around its neck, one end of which chain was attached to a wagon.

Evidence was given for the prosecution by Mr. and Mrs. Richardson, Willis Richardson, James Collier, and Constable Hall. The evidence went to show that the animal had been so treated as above. The evidence for the defence, which was given by the accused and his wife, was to the effect that the horse was not dragged along the road.

The magistrate stated that they had no difficulty in finding the charge proved, and fined Day \$10.00 and costs, making \$14.00.

T. M. Worne, prosecutor, prosecuted.

A National Playground

The province of Alberta is fortunate, indeed, in having as its Western boundary the greatest mountain range in America. From any part of the province it is a comparatively short journey to the heart of the Rockies, and the change from the level plains to the scenery of the mountains is always a healthful and inspiring one.

Recognizing the value of the Rockies to the people of Canada as national playgrounds, the province, through the Dominion Government has set aside several of the finest and most accessible parts of the mountain range as playgrounds for the people, and as bird and animal sanctuaries, so that they will be free for all time from the hands of the trapper and hunter, and so that the scenery will not be spoiled by the vandalism of commerce.

Of these parks the one of which Banff is the centre is best known to our readers, it being about a hundred miles from here and having been accessible by rail and road for many years past.

But within the last decade another wonderful has been opened to the people by the construction of the Grand Trunk Pacific, now the Canadian National Railway.

Jasper Park is 1,400 square miles in area. It is the largest park and game sanctuary in the world, and some of the finest scenery to be found in the world is within its confines.

Through it runs the famous Yellowhead Pass, by which the railway finds its way through the mountains, and down which the swift Athabasca River finds its way east and north towards the Arctic ocean.

Mountains are the outstanding feature of the vast National Park. In number they run into hundreds. Very few are below 8,000 feet in altitude. Several exceed 10,000 feet, while Mount Edith Cavell has an altitude of 11,033 feet. Athabasca 12,000 and Mount Dome 12,000 feet—heights that are exceeded by but few of the continents high peaks.

Trails and roads, winding among peaks and pine through valleys, along rivers and lakes and ascending the slopes of mountains within the park, are an accurate length of several hundred miles—and they are being steadily extended.

Beautiful lakes—blue, turquoise, and green according to the character of their environment, and mirroring adjacent mountain peaks on their placid surface—are found in every direction. Glaciers, large and small, abound.

It was a happy chance that led the newspapers of Alberta and British Columbia, at their Convention held last year at Vernon, B.C., to select Jasper Park as their convention point in 1923.

Over one hundred newspapers of the two provinces, dailies, weeklies and trade and class weeklies, met together at Jasper on June 7, 8, and 9, and naturally the deliberations, and the inspiring surroundings, were characterized by a high sense of the

ethics of the profession, and the duty which the newspapers, as interpreters of public opinion, owe to their readers.

The town of Jasper is a division point on the Canadian National Railway. It is at present showing a healthy and rapid growth. Its principal building is the Park Administrative Building, where Colonel Maynard Rogers, Park Superintendent, lives, and it may be said in passing that Canada is fortunate in having Col. Rogers in that position. A lover of nature, and practical witall, he has planned the various roads and trails so that the greatest advantage can be taken from them by the visitors.

Just Park Lodge, where the delegates lived during the convention, is located three miles from Jasper station, on the shores of beautiful Lake Beauveau. There is an excellent road or road between the station and the Lodge, and a fine trail of cars.

The construction of the Lodge is of such a nature that it harmonizes in every way with the surroundings. There is a main building, with dining room, refectory, offices, etc., and a number of log cabins on each side. While possessing rusticity, every modern convenience, hot and cold water, electric light, etc., is provided.

The principal materials for the construction of the Lodge were derived from a radius of a mile and a half from the buildings. The skill of the workmen is attested to by the way the logs have been utilized, both in exterior and interior planning, to preserve the harmony of the whole. The main room is 38 x 40 feet, the dining room 20 x 40 feet. Accommodation is provided for 250 guests, and the construction of the buildings is such that extensions, which are inevitable as the Lodge becomes better known, can be made without sacrifice of harmony.

Parties set out every morning for driving, fishing, canoeing, and almost every form of outdoor sport, and the management provide every facility for the enjoyment of these trips.

A description of the Lodge would be incomplete without a tribute to the staff, who have nothing undone to make the stay of the guests enjoyable. Capt. Penrose, the manager, and his charming wife, Col. Maynard Rogers, the Park Superintendent; Mr. C. W. Higgins, the advertising agent for the Canadian National Railway; Mr. H. B. Mulligan, General Manager Hotel; Mr. J. Gorman, Superintendent Dining Room Department; and Mr. J. Brewster, Transport Department, all gave their best efforts to make the stay of the newspaperists enjoyable and pleasant.

We have no hesitation in recommending those of our readers who are looking for fresh fields to holiday in, and new sights to visit, to spend a vacation at Jasper Lodge. They will find the surroundings finer than can be described on paper, the service excellent, and a very charming stay, and these days a charge reasonable.

What the Heavy Rainfall Means

In this favored year, when Alberta is receiving great rainfalls at the season when the rain is so beneficial to growing crops, a few figures as to what the rainfall means in gallons and pounds may be interesting. In a number of sections rainfalls exceeding one inch in depth, have been frequent.

One inch of rainfall in one square mile is equal to 2,232,000 cubic feet of water.

One cubic foot of water is equal to 6.25 imperial gallons.

One cubic foot of water weighs 62.5 pounds.

These figures are taken from the Dominion figures used in the Hydro-metric Surveys in the Province of Alberta.

An inch rainfall on one square mile would be 14,752,326 gallons, or 145,260,000 pounds, or 72,630 tons. With these figures in mind it will be easy to understand why floods and lakes fill up, and why the rivers and streams are booming and in flood to accommodate the surplus water which the soil will not take up and which becomes "run-off" or waste.

One inch of rainfall on one acre equals 264,176 cubic feet per second, or 236,562 pounds, or slightly over 112 1/4 tons.

The minimum winter flow of water in the north Saskatchewan River at Edmonton is 1,600 cubic feet per second. The maximum flow on June 28th, 1915, at the time of the big flood, was 29,447 cubic feet per second. On that day the water in the river was 44.5 feet above low water level. On Friday of this week the city water gauge showed the river to be fifteen feet above low water level.

CROPS MAKE RAPID PROGRESS

During the past week the weather has continued excellent for crop raising purposes. There have been very heavy rains, the precipitation since Monday totalling 1.11 inches. The weather continues warm, the highest shade temperature recorded being 85 degrees.

It is to be hoped that the weather should be a bumper crop throughout the greater part of the province of Alberta, and the Bow Valley District has been well favored with all the requirements for a big crop.

Insect pests are not prevalent this year, thanks to our farmers are using poison for the grasshoppers. These are mostly on stubble in crops.

ALBERTA MUNICIPALITIES ARE IN GOOD SHAPE

Considerable praise for the manner in which Alberta municipalities have put their financial affairs in good shape, was given the past week by the convention of bond holders in Winnipeg. With one exception, it was stated Alberta now presents a clean sheet so far as the bondholders of municipalities are concerned.

Nesbitt, Assiniboine Mail; Editor, John Mackenzie, Strathmore Standard; President, Ed. Stone, Rediff Review; G. C. Duncan, Drumheller Mail.

Letter To The Editor

FALSE BOTTOMS
—O—
AND FALSE TOPS

Editor, Strathmore Standard:

"Friday a meeting was held under the auspices of the U.P.A., at which Mr. Weaver, of Bassano, spoke for considerable time on topics extremely interesting to farmers, and notwithstanding that the meeting was well announced in your paper, the attendance was very small. A week ago a similar meeting was called under similar conditions, to hear Mr. W. J. Elliott, of the U.P.A., speak on the Co-operative Pooling plan of marketing stock, lately originated by the company. The attendance was about the same at both meetings. Judging by the attendance at these meetings, one would think that the farmers and their dependants were the most prosperous people on earth, and that marketing conditions were ideal. But a few weeks with our Municipal Council, our local storekeepers, the hault, and all kinds of extremely anxious friends of the farmers, in Calgary, will reveal to us that this is not the case. He is waiting for someone else to do it, "may he have the patience of Job."

At the end of the first meeting Mr. Elliott was thanked for his address, and at the second, Mr. Weaver, in a well put manner, was thanked for delivering a speech that left such an amount of "Food for Thought" for the Farmer.

Now, Mr. Editor, I do not wish to be antagonistic to anyone by my remarks, especially to my fellow delegates to the U.P.A. convention, 1922, but it is this "food for thought" that is bothering me. At the last convention I was again honored with the delegate badge, and according to a resolution, moved by Mr. Anselton, of Drum, to have our executive take steps to co-operate with the U.P.G. to establish a plan to market our produce, which passed without a dissenting vote, or say about so. On my return I reported in my local, and recently there was no regret, but along comes Mr. Weaver, with a few "False Bottoms" and long figures, ending in

as many oughts, that even our best heads could not keep track of, and if we had possessed a third ear, built on purpose to receive suspicion of our own leaders, we would have opened it up for the occasion. To be frank, and eliminate suspicion, I may say that I was the only director opposed to Mr. Weaver speaking here, my attitude being arrived at by a conversation with him on the train, and to the convention, in company with two other delegates, both of whom were present at the meeting on Friday last, confirmed by (in my opinion) destructive letters appearing in the Calgary "Herald" at different times. Now let us summarize some of Mr. Weaver's statements. He said, among others, that "President Wood was lacking in ability, and had acted indiscreet in selecting candidates for the chairmanship of the Wheat Board," and held this action up to ridicule, and to and behold, this remark even brought forth applause from our little audience on Friday last. At the convention a year-and-a-half ago, H. W. Wood was elected unanimously president of the U.P.A., for, I think, the eighth time in succession. His election was followed by lusty cheering and hearty shouting of "Pop He's a Jolly Good Fellow"—at the bootlegger's hall! No! because we, as delegates, responsible to our local, though his past record had proved him to be the man for the job, and I say, Mr. Editor, that if we did not do our duty, then we have no right to ridicule his actions now that we have put him in as in plain place that.

What Has the U.P.A. Done for the Farmer?

This was another attack of Mr. Weaver's, which brought forth applause from who?—why men who had taken an official part in two elections that we won, had we forgotten the "freight rate reduction"? No! then there was "food for thought."

The Municipal Hall Insurance sprang from Strathmore. Had we ever been hallooed? Yes, and tickled to get Municipal Hall Insurance.

While I am on this subject I might say another word about what the U.P.A. has done. We have learned through the U.P.A. to exercise our political franchise in an up-to-date, and aboveboard manner, and win

twice, and no one should know more about that than men who actually participated in our local campaign.

Co-operation. We are all talking on this subject, and some of us are almost ready to go nearly anywhere to hear "Sapiro," which will cost us something, but we are always grumbling about our high paid officials already, and Sapiro says something about fifty-thousand dollar men being desirable employees, if we want results. Sapiro also mentions five-year contracts, and apparently we cannot wait from one convention to another to level our charges, whatever they may be, and replace our heads, if they are found wanting. I have only read some of Sapiro's articles, but one I did advise, not to ridicule our heads, but to help and trust them, if we hope to succeed. Now, Mr. Weaver is sincere, and trying to help someone, "food for thought." Who? One thing we do know, he left the convention very grieved at being refused to address the convention at length. Now, we delegates had talked with Mr. Weaver quite a lot. Did we take any steps to have him allowed to speak to the convention, or did we do anything about it afterwards? No, Mr. Weaver, in his remarks, re "wheat board chairmanship," quotes the good book, "no man can serve two masters." The same book says something about the future of "a house divided against itself," too, also, "the Lord helps those that help themselves," and one is apt to think of this help about the cattle pool, or who have deliberately stayed aloof from the U.P.A. We might look at home before hurling criticism permissively at our heads.

In conclusion, I will invite anyone to show me where men, who have been appointed to office in the U.P.A. way, as many times as some of the men under fire last Friday, should be held up to ridicule.

Organization will remove false bottoms in elevators or false heads at the top of the U.P.A., or U.G.A., if it can be proven that they are false.

Thanking you in advance for allowing me to express my views in your paper, I remain,
Yours truly,
Wm. HEDSON

Standard News

Nurse Hall has leased the Hans Jensen property on Elbow Ave., and will start a private nursing home there.

A baseball game played at 25 1/2 Dan's farm south east of town on Sunday, the 10th, between the Longbeach and South Valley teams, resulted in a complete victory for the Longbeach team. The features of the game were a home run made by Mr. R. Gregory and the pitching by Mr. M. Christensen.

A very exciting game of football was played in Standard on the evening of June 11th, between the home team and Gleichen. A score of 1-1 resulted.

A tennis meeting was held on June 11th, and it was decided to have a Sports Day on July 2nd. Ball games, races, etc., will be held during the day, and a big confetti carnival at night. See posters for particulars. Everybody come and have a good time.

Miss Helen Rasmussen, who has been attending Dana College, at Blair, Nebraska, for the past year, returned home on June 15th.

Mr. Gadette was a business visitor to Standard last week. The public school picnic that was arranged to be held in the cool shade of town on Friday afternoon had to be called off on account of heavy rains in the morning. Rather than disappoint the kiddies, Mr. J. A. Nordquist kindly offered the use of his hall, where a nice picnic lunch was served, after which numerous games were enjoyed. Everyone went home happy about four o'clock.

Mr. Jones, of the Natural Resources Department of the C.P.R., has been in the district for the past week. All members of the circulating library having books in their possession are requested to return them to their original owners.

A fresh coat of paint has greatly improved the appearance of the Danish Lutheran Church.

Mr. Hans Ducksmith has a loud speaker on his radio now, and some exceptionally good concerts have been heard.

The tennis courts are in fine shape now and a number of enthusiasts be-

GRAIN PRICES

June 19, 1923.
The following grain prices are for
grain by wagon-load at Strathmore,
not track prices, and for information
of the public only. Figures are kindly
supplied by Mr. T. H. Trece, of the
Roblin Elevator.

Lunches were served at noon and
the next meeting takes place at
Tudor, August 11th, at 10 a.m.

Arrangements were completed for a
picnic at Rosebud on Saturday, July
14th.

A very enjoyable meeting of Strath-
more Local G.W.A.A. was held in the
Memorial Hall on Tuesday evening
last, when a number of Calgary resi-
dents were present. Address was
delivered by Comptroller President J.
W. Russell, Calgary Local; A. Watkins,
President, Calgary Local; Dr. T. J. Con-
ley, Calgary, and others. Several
songs and choruses were rendered.
Entertainment was provided and en-
joyment was carried on till an early
hour. Special thanks are due to Dr.
W. A. Griffin for presiding at the picnic.

Strathmore De Winton Aggie, C.P.R.
Demonstration Fair, takes first
place for three year olds in the
record of performance tests with \$11.25
pounds butter from 20,000 pounds milk.
As showing the distance covered in
these tests, the holder of second place
is located in Prince Edward Island.

W. C. Brown has unloaded a car-
load of new Ford's this week.

Joe. Price had the misfortune to be
severely kicked by a horse on Friday
and will be confined to bed for several
days yet. Luckily no bones were
broken, though his leg was severely
swollen.

Weather Report
May 22nd to 28th, 1923

Supplied by C. P. Irrigation Dept.
Date Min. Max. Precipitation

June 12th to 18th, 1923.

12 51.2 85.3 .65
13 56.0 70.0 .05
14 45.2 71.8 .05
15 38.2 70.0 .05
16 46.2 76.0 .05
17 51.2 68.8 .05
18 49.2 65.3 .05

Owing to the length of the grass
etc., golfers have been much dis-
couraged with highly augmented ac-
cess lately, and the Greens Commis-
sioners feel the necessity of keeping the fair-
way and greens properly cut, which
has been done this week. The cost of
cutting regularly will tax the funds of
the club heavily, and members whose
fees are not yet paid are earnestly
requested to pay them immediately,
especially as only members in good
standing are eligible to enter the
Ladies' June Handicap Competition.

Two flights participated in the June
handicap on Saturday last. In the
first flight Mrs. Patrick won first
prize with a score of 80, handicap 1.
71 nett. Mrs. Girvin came second
with a score of 83, handicap 7. 76 nett.
In the second flight the winners were
Mrs. Chamberlain, 1st, score 116, hand-
icap 18, 98 nett; Mrs. Keeling, 2nd,
with a score of 125, handicap 17, 108
nett.

Mixed Foursomes
A mixed foursome competition will
be held on Saturday next, June 23rd,
at Strathmore, Sunday, 24th, when
clubs cannot play on Saturday. The
captain, Mr. Foote, is presenting a
club pin to the lady with the lowest
score. Mrs. Patrick, indeed, cap-
tain, a club tie pin to the successful
gentleman player. 9 holes, stroke play,
with partners handicaps combined and
halved. Players are requested to sit
near their own partners and four-
somes and call for their match cards
at Mr. Foote's store on Saturday.

The Brooks "Bulletin," in a recent
issue says that the recent rains were
a C... , just what we to the dry farmers.
We don't wonder that the Brooks
said that not only words in the
English language to express the dis-
tress of the farmers over the rain.

The "Albertan" says that "W. C.
Brown, of Strathmore, the fellow that
put the 'For' in Ford; Fred Krum-
heller, and Fred Pitcault, all promi-
nent light fans, have secured ring-side
seats for the Dempsey-Gibbons bout."

If Brownie can only put some of the
same dough into the man he is backing
on the fourth of July, he is bound to
win. If he doesn't he will probably
add the "d-" as well.

Besides taking the game from us
on Sunday, we hear that one of the
Carleton boys took a Strathmore
young lady with him, returning her
home at a late hour, where there was
an Indian interview with her best
boy.

A very interesting session of Strath-
more Chapter, R.A.M. was held on
Thursday evening last, when Grand
First Principal W. T. Coote and Grand
Third Principal Middleton were pre-
sent and gave inspiring addresses on
Masonic subjects. Grand Superintendent
H. W. D. Bell also gave an eloquent
address. Comp. Coote is a
brother of the present Member of
Parliament for Medicine Hat.

848 Williams, of the C.P.R. Dept. of
Colonization, arrived some weeks ago
from England, bringing a large party
of settlers with him, who have now
all been placed. He expects to cross
the Atlantic again this summer. 848
was for a number of years on the
staff of the local Irrigation Branch
of the C.P.R.

The Yale Hotel, Calgary, seems to
be a favorite rendezvous for Strath-
more folks when they visit the city,
and of them preferring those who
they stay overnight. The Yale is a
really up-to-date hotel, with every
modern convenience, and visitors there
are spared the infliction of Japanese
bellhops.

As will be seen from our advertising
columns, Dr. L. G. Robinson, a gradu-
ate of McGill, and who saw active
service during the war with the
C.R.A.C. will open a dental office
here at the beginning of July, and
will reside here permanently.

Strathmore and Rockford Mas-
Lodges will unite in a joint affair
at Rockford on Sunday, July 22nd,
when the service will be conducted
by Wm. B. Doherty, Pearson, M.L.A.,
and Bro. John Taylor. The Strath-
more brethren will leave at 1 p.m.
for Rockford.

Strathmore Union Church is building
up a fine Junior choir, and they took
charge of the direction of the singing
on Sunday evening last, there being a
large congregation. Mrs. Esther Zerk,
rendered a solo, and especially ap-
praised was the due by Misses Ellen
Carroll and Grace Schaefer, who are
members of the Crawford quartet.
Their singing was decidedly above the
ordinary.

Mrs. C. S. R. Laft and family are
on a two month visit to relatives at
Abbotsford, B.C. and other points
on the coast.

The High River Times has an ar-
ticle in last issue on "How To Re-
store the Apparently Drowned," but
does not state whether it was inspired
by the recent floods here.

20,000 C.P.R. card contracts will be
affected by the Company's 32-year
amortization plan. A delegation of
farmers from various parts of the
Irrigation block will interview Company
officials on Wednesday evening in Cal-
gary, with suggestions with a view to
new contracts, and recommenda-
tions adopted at meetings throughout
the district affected.

We handle the famous McCaskey System. Every book guaranteed. Prices equal to any quoted, deliveries prompt. Service unexcelled.

Do not place your order for Counter Check Books with travelling men. Keep the commission at home.

Strathmore & Bow Valley Standard.

Baseball Notes

A real snappy ball game was pulled off on the 17th, at Strathmore between Strathmore and Carleton Place. It was the first time these teams had come together, the other league games scheduled having been postponed on account of rain, and the game now reported took the place of the initial league game.

Carleton emerged victorious by a 2-2 score, which in itself is an indication of the class of ball played.

The two first innings were scoreless, but in the third Carleton, assisted by a couple of errors in the Strathmore infield, registered twice. Strathmore rallied once in the fourth, and Carleton made their third on the sixth inning. The last run of the game was scored by Strathmore in the 9th.

Locks on the mound for Strathmore, and Benton performing the same office for Carleton, played good ball, and the heaviest hit registered during the game was a two-bagger, Locks and Thomas, who played first base, are good acquisitions to the Strathmore team, and Locks pitching gave the boys more confidence in themselves than they have had heretofore.

Score by Innings:
Carleton 0 2 0 0 1 0 0 0 2
Strathmore 0 0 0 1 0 0 0 0 1-2
Strathmore—Jenkins, 2nd b.; Venus, s.c.; Smith, 1st b.; Locks, p.; Benton, 2nd b.; Baker, 3rd b.; Anderson, c.; Grey, r.f.; Thomas, 1st b.
Carleton—Gehrke, 1st b.; Mace, s.c.; Morton, 2nd b.; Benton, p.; Simpson, c.f.; Baker, 3rd b.; Lauren, 1st b.; Dick, c.; Service, r.f.
Umpire—Jos. Van Tighem.

Notes
Weather permitting, Strathmore and Carleton met three times this week to bring the league schedule up-to-date. The game on the 17th is reported above. On Tuesday Strathmore traveled to Carleton, the game resulting in a 1-0 score in favor of Carleton. On account of further details being too late for publication, and on Friday Carleton comes to Strathmore.

The Bow Valley League is well away, and the class of ball that is being played is worth going a long way to see. Carleton won a 1-0 game from Glenora last week.

It is likely that a selected team from the League will meet Rockyford at Strathmore tomorrow on the 19th of July.

Bob Anderson has a brand new pair of leg protectors, and looks like a million dollars.

Benton who takes the mound for Carleton, has been in the game since baseball was first played in the Bow Valley, but is playing as good a game as ever this summer, and hard to hit.

RADIO CONCERT

Radio fans throughout the Province will be delighted to hear that a musical treat has been arranged by the Calgary Herald Radio Broadcasting Station CFAC, for the evening of Saturday, June 23rd, from 8:30 to 10:30 to be given by Western Canada's premier concert baritone, Gordon Weir, who, for the past two years, has been a resident in Strathmore.

The following program has been arranged to be broadcast:
Liebeträume, Liez. Mr. Ewart Porterfield; Prelude from Paganini, Leonovello, Gordon Weir, Mr. Porterfield at the piano. Grainger Group, arranged by Percy Grainger, (a) Country Gardens, (b) Shepherd's Hey, (c) Molly on the Shore, Mr. Porterfield; Hallelujah, Sanderson; I Passed by Your Window, Brahms; Tommy Lad, Macgregor; Gordon Weir; Wedding Day at Troldhaugen, Grieg; Mr. Porterfield. On the Road to Mandalay, Spinks, Gordon Weir.

Mr. Gordon Weir is making a three week tour of Alberta before leaving for New York city, and those who do not hear this program over the radio will have the opportunity a little later on of hearing Gordon Weir and Company in Strathmore, Rockyford and Standard.

If you have a problem of power or transportation bring it to us. There is a Ford or an adaptation of a Ford for every purpose.

Ford

IRRIGATION BONDS

Two issues of irrigation bonds will be placed on the market shortly by the Provincial Government. One issue is for \$200,000 for the New West Irrigation Project, and the other of \$100,000 for the United Irrigation Project, completing the issue authorized on this project. Both issues are at 5 1/2 per cent, the first being for 40 years and the second for 20 years from May 1, 1922.

JUDGING COMPETITION

A livestock judging competition for boys' teams from the agricultural schools of Vermilion, Oda, Chesholm, and Raymond, will be held during the Calgary exhibition on July 12.

Irresistible Eyes

Are those which are Bright and Sparkling. Keep Your Eyes in Good Condition. Buy a bottle of MURINE. It is the only eye medicine that does not irritate. It is the only eye medicine that does not irritate. It is the only eye medicine that does not irritate.

MURINE
FOR THE EYES

LET'S GO!!

Everything points to the fact that the two years of depression are at an end. Crops never looked better, and bounteous rains almost daily are enhancing the prospects. Every day, in every way, business is getting better and better.

Advertising is one of the chief requisites of modern merchandising. The Strathmore and Bow Valley Standard is the recognised medium of the whole of the Western Bow Valley, and, with a circulation of 1100 copies per issue affords you an excellent opportunity, at a low cost, of getting a share of the new business that will develop this fall, and for which you should be preparing now by preliminary advertising.

Firms which have used advertising in our columns steadily and intelligently throughout the past two years have increased their turnover in spite of financial stringency.

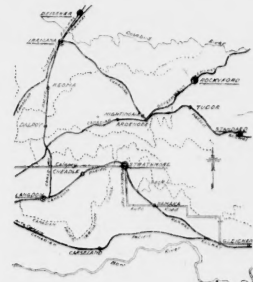

We want to build up our towns and villages within the Valley. Do not let the good business go to outside cities. A weekly advert. in the Standard will assist you to retain the business in your town that properly belongs there.

If you are interested in direct-by-mail advertising write us for quotations on circulars, etc. Our splendidly equipped plant is at your service always.

Rosebud
Standard
Strathmore
Tudor.

Fifty-sixths of our circulation is at above points. The greater part of the remainder is to subscribers in Canada and the U.S. owners of, or interested in land in the Valley.

Our Aim

is to assist in the promotion of the development of the Western Bow Valley.

By advertising in the Standard you are, while helping your own business, assisting in the building up of a strong country weekly to serve the interests of the people living in the Western Irrigation Block.

The Valley has the advantage of a fertile soil, intelligent settlers, the best railway and trading facilities of any district in Western Canada, and the added advantage of the lowest priced irrigation supply on the continent of America.

Our population within a few years will be much larger than it is now, and by working for the good of the district as a whole, and sinking local prejudices, dwellers in our towns and villages can greatly assist in that development, increase their own prosperity and that of the communities in which they live. Also they can be of greater service to their former customers, on whom their business is based.

Irricana News

Constante Naylor has returned from Poncha, where she spent a few hours on official business.

Mr. D. Howell has been north with a view to purchasing a number of cattle.

The ladies' aid spent a social afternoon at the home of Mrs. Jack Crundwell on Wednesday.

We would be thankful of a sprinkling of the eighty thousand odd colored car auto licenses due here this year, to be directed on road construction in the close vicinity.

Vote 1, and you become a full-fledged member of the Borden's Protective Association. No initiation fee is necessary.

Tourists are shyling clear of the district on account of our back-packed roads. Most of them are hitting the brakes for tinctoria, where the Farmers' Government expended an average of \$10,000 on highway construction, per mile.

Jack Fiedling is sojourning in Calgary over the weekend.

Mrs. Harriet Smith attended the District convention at Calgary.

Mr. and Mrs. W. Jones, of Lowell, Mass., are visiting the large well-regarded ranch of Mr. E. Knapton. Both of these gentlemen were amongst Alberta's first tourists, arriving where Calgary is situated now, in the early eighties. Subsequently Mr. Jones migrated to the States where he has been superintendent of one of the largest wooden manufacturing plants in Lowell, for the past thirty-two years, employing constantly some 5,000 men.

Mr. and Mrs. Jones will visit the city again, including Lawson, on the way home.

The public works review at Edmonton, in charge of road construction, should be given an auto ride at top speed over the Edmonton trail in its present condition, free of charge. We feel sure they would not require to invest in a box of liver pills previous to the fast-approaching provincial election.

An enjoyable evening was spent at the residence of Mrs. A. Smithfield on Tuesday. Amongst the invited guests from the rural district were Mr. Herman Bradley, and Mrs. R. H. Goodwin.

Mr. Fred Davis, ex-M.P., has completed the seeding of about 2,000 acres, chiefly in wheat. The phenomenal growth of Mr. Davis' crop is notable and well worth a visit to the big farm. Mr. Davis, with his most suitable personality will help you feel at home.

Many sayings by the most famous author since, "old hell will pop if the road isn't smoothed through."

May McCulloch, "Well, well, well," Frank Kennedy, "It's a good thing," Windy James, "As can be," William, "What's the use."

One of Mr. and Mrs. Carl Garfield's little girls was thrown violently to the ground while riding one of Mr. Postman's ponies, operating severe injuries to the child. The little girl is now suffering from shock.

If the smuck lady who wriped the eye from our car which we had to abandon on the Dexter hill on account of the terrible condition of the trail will kindly communicate with the writer he will hear of something to his advantage. We sincerely hope of her be walloped in to the basket of tomatoes he got a dose sufficient to defeat himself of a purgative for a long time to come.

CHURCH OF THE BRETHREN
A well attended community meeting was held at the Church of the Brethren, on Sunday June 1st. The services were held during the morning, afternoon and evening.
The speakers were Rev. E. W. Pugh, D. B. Ziegler, and Rev. C. C. Phipps. The delivered addresses along these lines: Sunday School, Ministry and Mission, respectively. The Audible choir have two well chosen and much appreciated selections. Lunch was served in the basement during the noon hour, on foliole from appearance, all thoroughly enjoyed themselves.

Rosebud News

D. Edward Forster, the young son of Mr. D. E. Forster with a painful accident Monday evening when he fell from a cow house, in some way he fell from the cow house and was badly injured. He was taken to the hospital and is now lying in the lower arm. He is still attended.

More rain, more crops, and all the farmers look happy.

Mrs. Iva Walker, of California, is visiting her parents, Mr. and Mrs. John Walker.

Mrs. Joseph MacLaughlin, who has been spending a few months in California is expected home about July 1st.

Don't forget the Rosebud District Association U.P.A. picnic in the Valley Woods, Rosebud, July 7th. All come, bring your lunch, and help to have a good time.

What might have been a very serious accident happened when Mr. and Mrs. Geo. Goss were returning home from the Parker house Thursday. In climbing MacLaughlin hill something happened to the engine, and the car began backing down the hill at a rapid speed. The brakes would not work. Mrs. Goss jumped out, and in some way Mr. Goss got out, but does not know if he jumped or was thrown. The car landed on its nose in the ditch, and will need lots of repair. We are glad to say neither Mr. or Mrs. Goss were seriously hurt, although George received some bruises, and is quite sore.

This indeed seems an odd way for accidents here. Friday evening Mr. and Mrs. William Hopper and Mrs. Rose were driven from a democrat when their house ran away. The democrat was badly crashed, and one of the horses was killed. The driver was injured. Luckily none of the people were badly hurt, although Mr. Hopper's horse was killed. We hope this will end up accidents for some time.

Several neighbors got together and helped the forces of Mr. Parker, recently broken by the high water. Mr. and Mrs. J. C. Patterson and Mr. and Mrs. John and also Mr. and Mrs. W. W. Hopper and Mrs. Rose were visitors at the Cootner's camp Sunday.

U.P.A. Sunday was observed at the Rosebud church. A large choir helped to make the service interesting. Mr. McDonald gave a splendid address. Mrs. Thomas P. Thompson returned to her home here on Friday, after spending several months in Seattle, Wash., U.S.A.

Mrs. Lulu Parker and family wish to thank their many friends for the lovely floral tributes, and kindness given at the time of their bereavement.

DEATH OF DANIEL EDISON FORSTER

Death came to our midst when Daniel Edison Forster was killed Tuesday, June 12, by being thrown from a wagon, and pinned under the box. It is thought the horse, a very quiet one, became frightened at the hill, and ran away, overturning the wagon when going around a corner.

Daniel Edison Forster was born in Iowa, U.S.A., on October 2nd, 1872, and went to Kansas when fourteen. He married Miss Lulu Payne in 1902. After living in Kansas thirty years he came to Rosebud in 1937, where he has farmed ever since. Besides his wife he leaves a daughter, Helen, and a son, D. Edward, two brothers and a sister in the States.

Mr. Forster was of a quiet sympathetic and honest disposition, and loved by the entire community, who mourn his loss. He was an active member since a hard worker in the Rosebud U.P.A., and a member of the Rosebud United Church.

The funeral was held at the home Friday, June 15, burial in Rosebud Mr. Kirkwood officiating.

CANADIAN COWMEN BEHIND STAMPEDE

Coming Event Promises to Eclipse Anything Heretofore Attempted in Frontier Celebration.

That the Calgary Exhibition, Stampede and Buffalo Barbecue, scheduled to be held the week of July 8th to 14th, will outdistance anything of a like nature that has ever been in the North American continent, seems sure to be an assured fact.

First of all, there is no place in the West that has the natural location, with such scenic embellishments, right at its door, the historical data to work upon, such as the Hudson's Bay Company's frontier activities, the honored tradition of the Royal North West Mounted Police, the native reservation practically at the city limits, the cowmen in their picturesque work, and last, but not least, the great number of old timers, both men and women, who still live in the vicinity; men and women who are the actual pioneers of the last great West, and whose stirring efforts and strenuous undertakings in a primitive country are the real cause of the wonderful development that has taken place in this country in comparatively few short years.

From the time of the stupendous stampede parade on Monday morning, July 8th, until the feed of buffalo meat cooked in deep pits over a roaring fire Saturday night, July 14th, Calgary will really turn back to the good old days for one glorious week. Citizens will wear cowboy attire, and the main streets will be reserved during the merriment for saddle horses, Indian expositions, chuck-wagons, cowboys and cowgirls.

The parade alone will be well worth some a thousand miles to see, illustrating the old West, and the Indians up to the present day development. On the grounds, the Hudson's Bay Company are erecting a permanent log house, the so-called "Old Alaska Old Times' Assn" and the Royal Canadian Mounted Police's Assn. are each erecting permanent log headquarters. These will be surrounded by Red River carts, Indian Toppers and a real Indian village. The event is to crown the Canadian champions in the various combat sports, also Provincial champions, for which generous cash prizes are offered, as well as the grandest lot of special prizes ever offered for any sporting event. The special prizes include strolling street horses and steeple chase presented by J.H.H. The Prince of Wales, magnificent trophies from Mary Pickford and Douglas Fairbanks, bottle heads and robes, saddles, etc.

That week Calgary will celebrate opening of the Banff-Windermere Highway, and will pay tribute to the pioneer settlement of the north West in a way that will be a surprise to the thousands of visitors from all distances. Special free accommodation bureau will be maintained at the station, so that there should be no difficulty in procuring accommodations. Those wishing to camp will find an ideal free auto camp with every convenience at their disposal.

Genuine Sporting Event
No stronger guarantee could be offered, that the competition will be conducted in a fair and impartial manner, the judges will be men of sterling character and a thorough knowledge of the events they are to judge, then the following names of the Stampede committee: P. Burns, chairman; George Lane, A. B. Crook, A. J. McLean, the Big Four of the 1912-1915 Stampede; and in addition D. E. Riley, of High River, President of the Western Stock Growers' Assn.; J. W. W. C. Dewey, E. D. Adams, Fred Johnston and N. J. Christie, of the Calgary Exhibition Board.

Balloon news received too late for insertion in this issue.

Millions of Men Save Shaving Time, Now

We ask you to try what they tried

Quicker shaves now save time for millions of men. Easier shaves save time for millions of faces. These men did what we ask you to do; they tried, at our expense, the shaving cream which has 5 distinct ways to give better, quicker shaves:

PALMOLIVE SHAVING CREAM multiplies itself 250 times in rich lather. Without rubbing-in, this lather softens any beard in one minute.

It doesn't dry—lasts 10 minutes on the face. Lather bubbles, strong-walled, hold hairs erect for easier cutting. Produces a lotion-like after-effect—soothing to skin.

Try it. Our expense. It cost 18 months' time—130 experiments—to perfect this cream for you. Test for yourself our claims. Mail coupon.

Cheadle News

Mrs. E. F. Hendrickson and two children, of Warner, Alberta, spent a few days visiting with her sister, Mrs. O. G. Craig.

Mrs. Tina Kilde is home for a few days from the Hospital, Calgary.

Mr. Bickell, our school teacher spent the week-end in Calgary.

Mr. Anton Pierson, wife and daughter are leaving this week for a six week trip through the Yellowstone Park, and return by the Banff-Windermere trail.

Mr. Ray Miller received his car that he won in the contest last Thursday and we understand he has sold it again.

Mrs. Russell Payne and baby, and Mrs. Walter Miner and baby, are at home again.

The Cheadle U.F.A. held their meeting on Wednesday, June 13th, and have ordered a car of value for the use of farmers in the district.

percentages were considered the minimum upon which an advertising appropriation should be based: General stores 5 1/2 per cent; Women's special shops 6 1/2 per cent; Shoe stores 5 per cent; Millinery stores 5 per cent; Music stores 5 1/2 per cent; Furniture stores 6 1/2 per cent; Electric stores 7 per cent; Jewelry stores 6 1/2 per cent; Men's clothing stores 6 per cent. It was the opinion of these merchants that any business man whose appropriation fell below these percentages on his turnover was overlooking an investment that invariably gave high profitable returns when intelligently handled.

Carbon News

It was fitting that the Board of Trade meeting began with a game of rummy. That apparently, is the chief business of the town.

A football game is to be played in Carbon next Sunday. The visitors will be the Nightmole team.

Dr. A. C. Johnson and Master Paul Johnson are on a visit to the doctor's family at Kingston, Ont.

Mrs. A. Reid, Sr. and Mrs. G. W. and children have returned to Carbon after a trip to the coast.

Mr. and Mrs. Letourneau, Mrs. F. Wilson and Mrs. Fraser, motored in to Calgary last Friday.

Miss Mrs. J. A. Macdonald, Mr. J. A. Macdonald, Miss M. W. Macdonald, J. A. Macdonald, and J. A. Macdonald, are on a visit to the coast.

The recent hot weather after the heavy rains has resulted in a great improvement in the crops. Not for many

Rockyford Baseball

As announced in our last issue, the Rockyford baseball team journeyed to the capital city last Tuesday, June 12, to play a three game series of ball with the Red Sox, senior champions of Alberta. The boys met with a lot of hard luck; the rain and cool weather were far from ideal for baseball. The Edmonton team did not assist us either in making any sunshine, as we are told not one of them were called around to see the Rockyford boys during their whole stay in Edmonton. There were only two games played in both were in favor of Edmonton; the score being 6-5 and 12-5.

On account of the gross unfairness of the whole contest, especially the fact that one or more professional players were used, the manager of the Rockyford team made a protest to the officers of the Amateur Baseball Association, with the result that the Edmonton Red Sox were commanded to hand over the Brewery trophy to Rockyford, or come to Calgary at their own expense and play a three game contest. The latter we believe was the offer of the Rockyford manager, as we understand Rockyford had the option to accept the cup if they wished.

The games are to be played in Calgary in the near future, and as there will be much interest in the baseball circles, watch for announcements. On Wednesday last week, the Three Hills baseball team visited Carbon and took the better end of a score of 9-6. The game was well contested, and while the Carbon team put up a good game, the visitors played even better. No one begrudged them their victory, since on their play they deserved it. It was chiefly in the fielding that the visitors showed their superiority. McFerguson for Carbon struck eight men. G. Mills, pitching for Three Hills, struck six.

Carbon Lineup

G. F. McFerguson, p. R. Whyte, c. T. H. Halliday, 1st b. Clayton, 2nd b. H. Kirkland, 3rd b. J. J. Hunter, f.c. Leo, Halstead, 3rd b. R. H. Harlow, c.f. Clarence Hay, f.

Three Hills Lineup

G. Mills, p. W. Mosley, c. H. Schitz, 1st b. H. S. McMillan, 2nd b. J. N. Brown, 3rd b. H. Huxley, s.c. C. Davidson, f.c. W. L. Huxford, c. E. Huxley, f.

Hunter made a home-run for Carbon, and Mills one for Three Hills. From the collection taken up at this time it would appear that our boys are not getting the support they deserve. The primary aim of \$5.00 was contributed by the onlookers. We believe the game was worth more than this.

Out of this program, the following committees were elected: 1. Athletic sports—Messrs John McLean, John Atkinson and E. F. Torrance.

2. Baseball committee—Messrs T. E. Paulson, R. S. Shields, G. F. McFerguson, and H. A. Hocking.

3. Football committee—Messrs G. Munro, W. Reid, and George Wain.

4. Football committee—Messrs J. Poxon, L. C. Elliott, and J. E. R. Co. burn.

5. Automobile race committee—Messrs G. Holmes and S. Garrett.

6. Advertising and Publicity committee—Messrs J. J. Greenan, C. H. Nash and J. Falck.

Rockyford Locals

Mr. E. W. Post is now in his new Municipal Office in the front of the former hall building.

Dr. Tiffin has now installed an x-ray machine, so that those requiring him can find him day or night.

There will be an evening meeting of Rockyford Lodge, No. 125, A.F. & A.M. on Sunday, June 24, 1923, at 7:30 p.m. for the purpose of appointing a divine service in the Union Church, Rockyford. All members as well as any persons in the district are requested to be present. Rev. J. J. Peterson, of Calgary, will give the address.

On Friday evening, June 22nd, 1923, the ladies of St. Rita's Altar Society are holding a garden party on the lawn at the rear of St. Rita's Church. The place will be strung with Japanese lanterns and dining tables will be arranged. Home-made ice-cream and cake will be sold for a small sum. A pleasant time is assured and every body, really, invited.

The promise of an abundant crop in the Rockyford district is as good as could be desired. Many people predict a yield equal to that of 1912, and we do not see how prospects could be better, with the continued showers we are having, and also warm weather between. It would be impossible to have things more ideal.

At date of writing, June 18th, wheat can be easily found that have chaffs measuring 24 inches high. This means fully three weeks, at least, ahead of other districts in the last crop year now. Farmers claim that cutting is usually about 6 weeks after heading out. At this rate of harvesting, cutting will easily be on early in August.

This feature of the wheat prospect is anything since there will likely be a lot of grain to thresh.

Not only grain is growing; garden truck, trees, and shrubs are going ahead as rapidly as the country on the whole presents a most beautiful and attractive appearance.

Mr. Smith, editor of the U.F.A. at Calgary, gave an address in the Union Church on Sunday evening. Last Sunday being the anniversary of U.F.A. day, Mr. Smith brought out some good points indeed. He spoke of the value of co-operation, and pointed out that co-operation was actually instituted by Christ himself. He said we wanted a broad cooperation; not only reaching among the farmers of Alberta, but a real endeavor to promote the spirit of brotherly cooperation among our fellow men everywhere. He emphasized this by pointing out that if the spirit of cooperation that the constitution of the U.F.A. stands for, had permeated the world in 1914, there would have been no war. Mr. Smith also spoke of leadership. We need good clean men, he said, and we might add here that fortunately the U.F.A. had had, and have now a leader who is a good, clean, upright man, who sincerely believes in christian principles, and the present leader fully realizes the necessity of christian principles in the great organization of co-operation if the great organization of

SHORT OUT TO ATTENTION AND AN AVENUE TO PROSPERITY.

Advertising begins as a short-cut across lots. A short-cut to attention and favor.

It serves the business which has neither money enough nor time enough to wait for the slow, old-fashioned method of sitting down and waiting to be "discovered."

Advertising begins as a short-cut; it grows into an avenue. An avenue to prosperity.

It provides a broad way to the continued favor of thousands.

For the great merchants and manufacturers it has already grown to avenue-size, spreading desire for their goods and building prestige.

For the small dealer it is available as a cut across lots.

Reaching the public with no time lost.

The first path across lots is as important as the avenue.

For with it as a starter there would be no avenue in the end.

LONG STRIP FOR A LONG TRIP
